*Σχολ. Έτος:2013-2014*

*There was a girl who loved a boy very much. She was very sad because she couldn't have him. Every time she saw him he was surrounded by girls and he had never noticed her. The girl was desperate because she thought about him all the time.*

*But, slowly her sadness turned into hatred. She became very hard on people and she didn't have any friends. One day she was very sad; all the kids were teasing her because she had never had a boyfriend. She got so angry with the boy she loved that she ran to his house.*

*When she was in front of his house the boy's dad knocked her down because he hadn't seen her standing there. Immediately, he got out of the car and he saw her bleeding very much. He tried to call an ambulance*

*but he*

*couldn't because his cell phone had a flat battery. Unexpectedly one of the boy's friends stopped by and when he saw him, he begged him to take her to the hospital.*

*His friend agreed. When they got there, the doctors took her to the surgery to operate on her. The boy stayed outside waiting for the doctor to tell him the news about the girl. The doctor told him that she wasn't so well. The boy got very sad because he felt that he was to blame for everything.*

*The boy didn't leave her at all after the accident. He was there holding her hand..... But one day he realized that her hand was as*

*cold as ice. She was dead! The boy felt so desperate that he killed himself. Before that he had told his best friend that when he died he wanted to be buried next to the girl because their fates didn't want them to be together. He thought that they might meet again in heaven!!!*
