" I' ll make it ugly, so that it looks like me!

A few minutes later, during the<<fixing >> process, the kitten started to grumble like a baby. It seemed that the kitten had realized what was About to happen and was trying to talk, to him. When he managed to do so, it told him : " Please mister! Don' t kill me! I' m such a beautiful little kitten! I may even become a singer one day! >>

- Mark : " You can speak like a human being! That' s impossible! I wanted to " fix "you, but you' re a miracle! "

- Kitten : " Yes, I am . So here' s what happens. Don' t "fix me " . "fix yourself instead, and you will become as pretty as I am! " .

- Mark : " You are RIGHT! I haven' t thought about that! "

A week later, as a result at his " fixing ", Mark became young and handsome man, who finally got to find a wife. Mark, his wife and the kitten lived happily ever after!!!

Then Rika went to the garden to look for food in the rubbish bin, but it turned over and Rika got so scared that she started running around herself. Since, she didn't find any food, she thought she should go but a plastic bag entangled her feet. The dog made a strange noise and Rika got even more scared...

After that she had no choice but to go back home where she finally found a bowl full of food. Rika got so happy that she almost fell into the bowl. She got so dirty that she rushed into the bathroom to have a ... shower!!!

LIKE DOG AND CAT!

Once upon a time, there was a small boy whose name was Mario. He lived in a flat down town. That boy was the only kid in the family and what's more he didn't have many friends to play games with when he finished his lessons. So he felt alone.

One day he thinks that he wants some company and he decides to buy two pets. He talks about it with his parents and they say «YES».

They buy a black, male dog and a white female cat.

From that day on they kept fighting. The cat would scatter the dog's food all over the place and the dog

would bite her tail, so one day his parents said to Mario : «Mario dear, we must give away one of the two pets, because they are always fighting». After that Mario spent the whole day crying!

However, the dog and the cat couldn't understand anything and they started fighting again! This time the reason was more important. The dog says: « I am better than you cat, because I am a very good friend to people and I can protect my 'family' », the cat says: « No, I am better than you, because I am smart, sweet and beautiful!».

The same thing happened for three days and still Mario couldn't decide which pet to give away. His parents said « As, you can't decide which pet you don't want and as the animals are always fighting, we have to give the dog to the dog-catcher»! When the animals heard this they got so scared that, after a serious conversation, they decided not to fight again. If the dog was given to the

dogcatcher, he wouldn't eat well, he would be beaten and after a month he would be killed?

Since then the dog and the cat have been the best friends and they have never fought again!

THE BISCUITS!

Once a year, in the reign of Biscuitland every woman cooks something special for the children. Once upon a time, there was a mother, who gave birth to a little biscuit!

The ghost-biscuit, whose name was Dopo, showed up to its mother and told her : "Mum, why did you kill me? ", and its mother replied: "Because I ...wow ! You

are a ghost, I can't believe it! Now you can talk! How can you do that?"

"Mum", said Dopo, " my intelligence is so great that saved me and I managed to fool you. But you didn't seem to realize that when I was born I was just a baby and babies can't talk.

"Well, it's just me then. I' ve got the problem" Rodina replied. "But why?" , "Mum, it's because somebody took a bite off you and you have a hole on your head!" Dopo said. "Germs get into your head though that hole and make you insane. So now, you have to go to the doctor".

"Ok, then I'll go to the Banana-biscuit doctor".

“Why not go to the Strawberry-biscuit doctor?”

Rodina asked and continued saying: “It’s seems to me that you are in love with the Banana-biscuit doctor.” “No! I’m in love with pens, books, ballet, sugar and you... And the germs in my head, too, and, ... la la la, I’ m a superstar, oh oh.. Stop right there! I am a policeman..” “Mum, please. Come with me to the doctor “. “OK”.

After that, they went to see the Banana-biscuit doctor, who told Dopo: “Dopo darling, your mother is ... dead!”

“Really?”

“Yes, she’s really dead. I’m sorry. I know she was the only family you had. I’m really sorry!”

“Oh! I don’t care! I have a whole packet of mums in my bag”. “Oh, she’s so beautiful!”, the doctor said. “I love her”. Dopo said “Yes, but it’s time you said goodbye to her because I’ m going to kill her now!”

THE CRAZY

LOUDSPEAKER!

Once upon a time, in a suburban school strange things were happening! During breaks, students would throw stones at the loudspeaker, because every time the principal said something loudly through it, they listened to something different. The grown-ups, though, listened to nothing at all!

Then, one day, all the students gathered and started throwing food, stones and pieces of wood at the loudspeaker, with the intention of breaking it. But, instead of that, they achieved something else; they drove it crazy!!!

The next morning, while the principal was informing the students about a trip, what came out of the loudspeaker was insane! the principal spoke in Greek and what came out of the loudspeaker was Chinese!

The principal with the help of two men decided then to take the loudspeaker down, put it in a van and take it to a speakerologist to save its life. The speakerologist examined it and told them that its condition was critical! It had to go immediately into surgery. After a very long surgery, the loudspeaker was brain dead and there was nothing else to be done!!!

So, the principal decided to put it to sleep and so they did. They threw it away and afterwards they bought a new one which wasn't brain dead!

THE CRAZY ZOO!

Once upon a time, there was a zoo which had a lot of crazy animals

. It was an underground zoo, so people had to take an elevator. The animals there, were very hostile and strong because people used to laugh at them.

One day a man, whose name was Rodolpho, got near the elephant. The elephant grabbed him with his trunk by the foot and threw Rodolpho into a rubbish bin. But this elephant was only 35 kilos, which was very unusual!

After a month the same man got near a tiger.

This tiger was so small that it looked like a cat. A minute later the tiger jumped on to Rodolpho who said: « I want to die. That's why i came here but the animals don't kill me!» «Why?». The animals replied: «Because you are a very good man. You give us food, you give us water, you don't fight with us. You're very different from other humans!». Rodolpho: «Can animals talk? I am sick. I am not okey! Is this real or am I dreaming?» «Yes, Rodolpho this is real! And your life is horrible but you must fix it», the animals answered. Rodolpho: « How? I can't do this. I want to die. I don't have a home, a girlfriend or friends, I don't have a beautiful life!».

Animals: «So you want to die! I have an idea. Come here. We' ll eat you!».

Rodolpho: «That's great.. I don't feel anything. Why ?». **Animals: «Because we haven't eaten you yet! We think you must change your mind...».**

After a month...

Rodolpho gets a job at a zoo with all kinds of animals some of which became good friends with him.

They

talk about their problems and share happy moments together, but he never says to anyone which animals talk!!!!

That's their secret!

ALIENFISH!

Once upon a time in a shoe house in Curiousland lived a dog and a cat, who were so much in love that they never fought!

One day the cat, whose name was Lisa decided she wanted a pet. So she asked the dog to buy one. The dog agreed on the condition that they would love the pet. But the problem wasn't that. The problem was what pet they would buy. The cat wanted crabs. In the end they bought a fish.

They loved and cared for it with all their heart. One day they left home and they left the roof open. After a while a little alien fell into the fish bowl, since he had lost control of his spaceship. Suddenly, a chemical reaction happened between the two and they became one. They had the shape of a fish and the character of an alien.

When the dog and the cat came back home, they noticed something really strange. Although most days the fish was calm and ate a little

food, that day it kept twirling in the water and ate its food insatiably. Then the cat got furious and told the dog: « See, dog, I told you so. The food you gave it wasn't good!» «It's not my fault. I told you a million times to buy crabs». «So you admit that you did it on purpose. How could you?» «Let's take it to the vet tomorrow and you'll see it's not the food» «No! Let's take it now because it might be too late tomorrow!»

While they were heading to their car, they saw it was destroyed, because that was where the spaceship had landed. When the alien saw its spaceship, it jumped happily out of the bowl and through the window. The dog ran after it, grabbed it hastily and put it back in.

After that, they got back into the house where the cat finally realized what had happened. She told the

dog what she was thinking about and after a lot of thought the dog agreed with her. Now, they couldn't do anything with the alienfish, since their car was broken and couldn't take it far away. So, they decided to eat it and finally found their peace. Also, they agreed never to buy a pet again and so they fought no more!!!!

THE CHILD WITH **THE LONG HAIR**

Once upon a time in Curioustan a land far, far away, a little boy was born. His name was Tom and since the day he was born he had very long black hair.

As he was growing up, he licked his hair more and more, when one day, it happened. It was a carnival and he was invited to a fancy dress party. He wanted to dress as an alien, so he dyed his hair green. But so many chemicals his hair received that it came alive! Tom realized that something was wrong and tried to wash the colour away. But it was too late.

His hair was going to stay that way forever. He went to several beauty salons and tried to dye his hair black, but after a while it turned back to green!

At school and everywhere else he had to wear hats and hoods, but with every minute going by, his hair grew stronger and longer. As a result, his hair forced the hats and hoods off Tom's head!

Soon, all of his classmates were either afraid of him or made fun of him. Sadly ,he lost all his friends. His parents and teachers advised him to cut his hair, but he didn't want to hear about it. So Tom was faced with a dilemma. On the one hand, he could have a hair cut and have his old life and friends back. On the other hand, he could keep his favourite long hair and be alone.

Tom decided to choose the first option, on the condition that if things didn't change, he would let his hair grow back again. His parents agree!

Finally, he got back to his normal life, yet he was missing something important, his hair!

TWO BEST FRIENDS

A very long time ago, in Curioustan a land far away, there were two friends, actually two very good friends, who had known each other for many years.

One of them was Takis, who was very thin and the other was Makis, who was very fat. People made fun of Takis because he was too thin and of Makis because he was too fat !

However, the problem wasn't that ! It was something else. when Takis ate, Makis got fat and the other way round. And when Takis didn't eat Makis got thin and so on ! But , these two hadn't realized what was happening!

One day they both visited their dieticians. Takis's dietician advised him to eat more food and Makis's dietician adviced him to eat nothing at all. As a result,they were both close to dying, the

one because he ate nothing and the other because he ate too much!

After a while , there was a huge earthquake and Takis's house was destroyed. Fortunately, Makis offered to put him up. As a result, Takis didn't let Makis eat for his own good, of course and Makis insisted on Takis's eating!

However, not only did they see a difference, but this also got worse. When they realized what was happening, they decided to both stop eating for a while. That had as a result Takis to become thinner and Makis to become fatter. Finally they both reached their normal weight and they lived a normal life like everyone else!!!
